Contractor's Taxpayer Identification Number (TIN): 31-1567361

CAGE Code: OBUJ6

26. Registration in Central Contractor Registration (CCR) Database.

LOGTEC is registered in the CCR database.

ADDITIONAL INFORMATION.

A. Travel.

Travel requirements will be negotiated as necessary for each task order. Long-distance travel required by any ordering agency, in the performance of services under this contract, will be reimbursed by the ordering agency in accordance with the Joint Travel Regulations (JTR). Necessary local travel time (other than commuting time) and long-distance travel time will be billed at the applicable labor rate contained in this schedule.

B. Responsibilities of the Contractor.

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character.

C. Responsibilities of the Government.

Subject to security regulations, the ordering office shall permit Contractor access to all facilities necessary to perform the requisite services.

The ordering agency shall furnish all technical matter, data, and information necessary for the performance of the services as well as reasonable access to the ordering agency's facilities. For work performed primarily at the ordering agency's facilities, the ordering agency shall provide

on-site office space, telephone, computer terminal use, and other facilities necessary to meet the requirements of each delivery order.

The ordering agency shall not require services to begin earlier than two (2) calendar weeks after LOGTEC's receipt of the order.

D. Security.

In the event security requirements are necessary, the ordering agency may incorporate in their delivery orders a security clause in accordance with current laws, regulations, and individual agency policy; however, the burden of administering the security requirements shall be with the ordering agency. If any costs are incurred as a result of the inclusion of security requirements, such costs will not exceed ten percent (10%) of the total dollar value of the order or \$100,000, whichever is less.

E. Government Site Rates.

Work performed at Government facilities will be reimbursed at the Government site rate when the Government provides office space and related items, e.g., desk, computer, printer, telephone, office supplies, etc.

F. Independent Contractor.

All services performed by the Contractor under the terms of this contract shall be as an independent Contractor and not as an agent or employee of the Government.

LABOR CATEGORY DESCRIPTIONS.

The following descriptions define each labor category of Financial and Business Services offered under SIN 520-13.

LOGTEC offers the following education/experience substitutions for all labor categories:

- A High School diploma and two years of experience may be substituted for an Associate's degree.
- A High School diploma and five years of experience or an Associate's degree and three years of experience may be substituted for a Bachelor's degree.
- A Bachelor's degree and three years of experience may be substituted for a Master's degree.
- For categories where Bachelor's degrees are required, a Master's degree may be substituted for three years of experience or a doctoral degree may be substituted for four years of experience.
- For categories where a High School diploma or an Associate's degree is required, a Bachelor's degree may be substituted for four years of experience.
- Individuals with unique qualifications (i.e., certifications or experience in specialized or emerging technologies) who do not meet all of the education/experience requirements may be submitted for customer approval, as required.

1. Subject Matter Expert I

Minimum General Experience: Ten or more years of experience in the financial management area(s) being supported.

Functional Responsibility: This labor category exists for the use of specialists and/or consultants who will provide expert support in the financial management area(s) specified by the customer.

Minimum Education: Bachelor's degree.

2. Financial Systems Analyst II

Minimum General Experience: Six or more years of combined financial management and systems engineering experience.

Functional Responsibility: Gathers user requirements and translates them into workable automated solutions. Is familiar with database architectures, object oriented design, and systems implementation. Assesses products and procedures for compliance with applicable standards, accounting principles, internal controls, and multi-tiered system application standards. Possesses an understanding of all stages of a project's life cycle, including the creation of schedules, requirements documents, system designs and specifications, and project status reports.

Minimum Education: Bachelor's degree.

3. Financial Systems Analyst I

Minimum General Experience: Three or more years of combined financial management and systems engineering experience.

Functional Responsibility: Gathers user requirements and translates them into workable automated solutions. Is familiar with database architectures, object oriented design, and systems implementation. Assesses products and procedures for compliance with applicable standards, accounting principles, internal controls, and multi-tiered system application standards. Possesses an understanding of all stages of a project's life cycle, including the creation of schedules, requirements documents, system designs and specifications, and project status reports.

Minimum Education: Bachelor's degree.

4. Technical Writer/Editor II

Minimum General Experience: Six or more years of technical writing/editing experience.

Functional Responsibility: Analyzes and composes technical information required for the preparation of technical documentation, user manuals, training materials, installation guides, reports, etc. Ensures the use of proper technical terminology. Translates technical information into clear, readable documents to be used by technical and non-technical personnel. Performs other duties as assigned.

Minimum Education: Bachelor's degree.

5. Technical Writer/Editor I

Minimum General Experience: Three or more years of technical writing/editing experience.

Functional Responsibility: Helps gather and compose technical information required for the preparation of technical documentation, user manuals, training materials, installation guides, reports, etc. Translates technical information into clear, readable documents to be used by technical and non-technical personnel.
